
CAREER OBJECTIVE

To secure a challenging position to be passionate about leveraging data to solve real- world problem and continuously improving technical and analytical skills.

EDUCATION

Postgraduate	2024-2026 Pursuing
St. Joseph's college, Tiruchirappalli.	
Master Of Data Science	
Undergraduate	2021 - 2024
St. Joseph's college, Tiruchirappalli.	
Bachelor Of Computer Science	
Higher Secondary	2019- 2021
Nest Matriculation Higher Secondary School Lalgudi	

INTERSHIPS

Gateway Software Solutions - Chennai	2.5.2025-1.6.2025
• Hands-on in ML, Power Bi Dashboards	
• Built complete data pipelines and visualization.	

PROJECT

- **FOOD ORDERINNG SYSTEM:** Built a Python-based Food Ordering System using Object-Oriented Programming to structure menu management, order processing, and total bill calculation in a modular way.
- **DATA ANALYSIS ON BlinkIT Grocery Data:** hands-on experience in big data analysis, predictive modeling, dashboard development, and sentiment analysis using Python and Power BI

SKILLS

- **LANGUAGES:** Python, SQL, HTML, Cloud Computing, Machine Learning, Big Data
- **FRAMEWORK:** Pandas, Numpy, Matplotlib, Seaborn
- **TOOLS AND TECHNOLOGIES:** Excel, Power Bi, Power Point, Word, MySQL
- **SOFT SKILLS:** Communication, Problem Solving, Good Analytical Skill.

CERTIFICATIONS

Python For Data Science In SWAYAM

POWER BI in BOSCO SOFT TECHNOLOGIES

ADDITIONAL INFORMATION

- Awards/Activities: Participated in an International Seminar on “**Futuristic Trends in Computational Sciences**” Organized by St. Joseph ‘s College, Trichy
-
